tomorrow

WELCOME

Selecting the next path in a learning journey can be confusing for any student. Our dedicated professional team will help you to make an informed decision that best supports your career aspirations.

On behalf of Universal Centre of Sport, I encourage students to find out more about how we can support your career aspirations and look forward to welcoming those who are serious about their future.

UCS is an inclusive centre guided by the traditions of industry professionals, that places key emphasis on areas around intellectual curiosity, provision to others, and a comprehensive perspective on education. A UCS education grounded in sporting excellence, promotes career preparation and provides opportunities for personal and professional growth in sport and its associated areas.

A student-focused learning community that values equality and diversity, and focuses on the education of the whole person. Here at UCS, we guide the intellectual, ethical, and physical development of each of our students.

Established in 2014 to serve the growing needs of the sports industry, UCS has become one of the UK's leading providers in Sports Education at Degree Level.

In 2023 we have campuses across the country as far afield as Manchester and Surrey.

UCS has an outstanding track-record of developing excellent graduates, delivering the next generation of the workforce to different sectors of the sports industry.

OUR GOALS:

At UCS, we are all about getting you to the next level.

We strive to better our students through educational experiences both in and out of the classroom.

UCS aims to create a haven where students feel safe to tackle challenges and accomplish all goals, whether they are personal or professional.

We want to help you to become the best versions of yourself, whilst having fun along the way.

Dominic Anderson
Chief Operating Officer

WHY CHOOSE UCS?

UCS specialises in Undergraduate degree level programmes in the sports industry.

Our industry based stepping-stone provides opportunities to develop coaching, employability and management skills necessary to be successful in your chosen career.

UCS has been delivering Higher Education Programmes since 2014 and is proud of our students outstanding successes.

Excellence - Employability - Success

ACADEMIC EXCELLENCE

At UCS, we pride ourselves on an academic programme that prepares higher education students for the world of academia, sport and fitness. Our staff build academic excellence in our students, creating an environment that allows students to take ownership of their learning journey.

EMPLOYABILITY SKILLS

The goal of UCS is to provide students with hands-on experience in education that prepares them with the required skill set for the ever-changing world of employment. While subject-specific knowledge is always important to employers, employability skills are essential to career development.

Employability skills are the transferable skills that are needed in every job, such as communication, teamwork, problem-solving, initiative, planning, organising, self-management and lifelong learning. All of which are developed and enhanced at UCS.

OUTSTANDING SUCCESS

The UCS tutors help to ensure that our student body achieves an outstanding success rate in completing their programmes and moving into education or employment.

This culminates in students gaining added value in deeper knowledge and best practices, leading to a truly outstanding experience within the sports industry.

OUR VALUES

Nothing says more about an organisation than its values. They are key to everything we want all of our students and staff to be.

They are the cornerstone of our success and our continued development.

All staff and students are encouraged to display these behaviours, and set agreed targets to challenge themselves to be the best they can be.

SPORT COACHING BSC (HONS) OVERVIEW

For sports coaches to have a holistic approach to their athletes' development, we need to have an understanding of the physiological, technical, psychological and social factors that feed into the long term athlete development, as well as developing performance analysis skills and putting all our practical coaching skills into the real world, through the UCS network of sports organisations.

COURSE DETAILS

The coaching process, pedagogy, developing your own coaching philosophy, coaching styles, effective coaching approaches, long term athlete development and comprehensive planning/needs analysis are at the core of our Sport Coaching degree. As well as performance analysis, coaching theory and work placement modules.

APPLYING YOUR SKILLS

To develop your applied skills, you complete a minimum of 120 hours of work-based learning in each year that you study with UCS, so you have the opportunities to apply ideas from the course and build the skills that employers look for.

UCS has worked closely with the University of Northampton to select a suite of modules that reflects the needs of the sports coaching industry., such as Analysis, Psychology and Applied Business Practice.

UCS has an unrivalled network of local clubs and organisations ready and able to provide you with the valuable experience.

Please note the modules shown on the next pages, relate to Academic Year 2024/25.

THE UCS WAY

THE 3 PATHWAYS

Students can identify 1 of 3 'pathways' when joining UCS so that their future career is enhanced by gaining specific opportunities and qualifications that are aligned with their chosen career.

Education & Training

"Embark on a rewarding journey for aspiring educators! This pathway is tailored for students passionate about shaping young minds. Gain invaluable experience within school and college settings while pursuing Level 3 and Level 4 teaching qualifications. Discover the joy of teaching and mentoring while honing your skills in a supportive environment."

Personal Training and Strength & Conditioning Pathway

"Fuel your passion for physical development and performance with our immersive pathway. Designed for students eager to excel in the fitness industry, this program offers hands-on experience. Acquire Level 2 Physical Instructor and Level 3 Personal Training certifications while immersing yourself in practical work experience. Shape bodies and lives while you grow your career."

Pro Player Development Pathway

"Unleash your football talent while pursuing higher education! Our Pro Player Pathway is tailored for exceptional footballers seeking a unique blend of professional sports and academic excellence. Seamlessly combine playing (or coaching) at professional or semi-professional levels globally with pursuing a BSc degree. Elevate your game on and off the field with this exclusive opportunity."

THE TUTOR TEAM

The tutoring team is made up of highly skilled and qualified lecturers and experts in their field that maintain their connections with industry, including coaching and management of high performance sports teams and professional sports clubs.

ASSESSMENT

All UCS courses provide opportunities to test a student's understanding of the subject informally, before the completion of the formal assessments that count towards the final grade.

Each module normally contains at least one piece of practice or 'formative' assessment, for which students receive feedback from their lecturer. Practice assessments are developmental and any grades received do not count towards the final module mark.

There is a formal or 'summative' assessment at the end of each module.

Assessment methods include written examinations, essays, reports, portfolios, performances, presentations, and a dissertation.

Students receive feedback on all formative and summative assessments undertaken through coursework and are encouraged to discuss them with their tutors in order to develop further.

TEACHING METHODS

All UCS programmes are delivered through a blended learning approach. This consists of 80% live, tutor-lead, online delivery and 20% face to face learning. This allows for streamlined group interaction, as well as assessment of practical skills required by modules, such as coaching, training, performance and fitness testing. These sessions take place at designated UCS campuses.

Attendance at these sessions is compulsory, UCS will arrange your travel and accommodation, as required. Options available are discussed during the interview process and during induction week.

REGULATION

UCS, as part of the Oxford Virtual Education Group, is a Pearson registered Centre.

All UCS provision is awarded by The University of Northampton and as such is regulated by the Office for Students.

FEES AND FUNDING

COSTS

For Academic Year 24-25, the following fees apply for UK and EU students:

- BSc Sports Coaching £8250

Undergraduate students generally have two types of expenses - tuition fees, and living costs.

Students studying in Scotland:

In most cases, Scottish domiciled fee status students have their fees paid for them by the Students Awards Agency for Scotland (SAAS) and may be eligible for living cost support.

TUITION FEES LOANS

UK and EU students don't need to pay fees in advance.

Eligible students can apply for a loan to cover tuition fees.

If you are from England, this loan is paid directly to the University on your behalf, and does not depend on your household income.

You only need to start paying the loan back once you earn more than £25,000 per year.

LIVING COST LOANS

If you are a full-time student from England, you can also apply for a maintenance loan to support you whilst you study. The amount available depends on:

- Your family income
- Where you are living whilst studying
- Your entitlement to benefits.

The loan is paid into your bank account in three installments at the start of each term.

CAREER DEVELOPMENT LOANS

If you don't qualify for student finance, you may be able to apply for a career development bank loan to help you progress your career.

It is a government initiative that may allow you to borrow up to £10,000. The Government pays the interest whilst you are studying.

More information can be found here.

SELF FUNDED STUDENTS

If you are not eligible for a tuition fee loan, chances are we will be able to accept payment by installment using FlexEd. This is ideal for students who may be doing a second degree, a self-funded course, or may be sponsored by their employer.

Please **contact an advisor** for more information.

If you are from Wales, Scotland or Northern Ireland and want to study at a UCS Campus in England, you need to contact your own government to discuss what support is available for tuition and living costs.

Channel Islands and Isle of Man students are not eligible for funding from UK government.

INTERNATIONAL STUDENTS

Applications for Higher Education courses from International Students can be made online from any country at the UCAS website **www.ucas.com**.

HOW TO APPLY

All applications for full-time undergraduate courses are completed through **UCAS**.

Scan the QR code below, enter your basic details, and our advisor will be in touch to talk you through the rest of the process.

EMPLOYABILITY

At UCS, our ethos of embedding your learning in the heart of professional industry allows you to develop these skills and put together a set of skills to help you be successful in your chosen career.

Through specific, targeted work experience, we focus on the 3 key employability skills:

The **Growth Mindset** is key to us at UCS. We believe that all of our staff and students should be open to new ideas and experiences, striving to be better in everything we do.

We want students to use the unique opportunities afforded by working and learning in a professional industry environment to develop a growth mindset. To be open to new experiences and accept honest, constructive feedback to grow into the successful coaches, managers and leaders.

Interpersonal Skills are skills required to work well with other people, helping you to work effectively as a member of a team, meet client and customer expectations and solve problems.

The UCS work experience opportunities allow you to range of interpersonal skills, such as, communication, team-working, conflict resolution, emotional intelligence, problem solving and decision making.

Be **Reliable** and **Dependable**.

This is all about developing personal skills and traits, such as being organised, managing time effectively, being trustworthy, working hard, taking responsibility, asking for help when needed, and using your initiative.

All UCS students will now be able to access an employability award, to ensure they have developed the graduate attributes needed for the world of work upon graduation. The award is embedded into their coaching degree and encourages students to update their Employability Profiles as they progress in their studies. Students will have opportunities self assessment against graduate attributes and industry sports coaching standards, with guidance offered through their personal tutors and other professionals within UCS. In addition to this is the opportunity to join the UCS Alumni and network with employers via the UCS LinkedIn platform.

WORK EXPERIENCE

At UCS, we believe that education is only part of the equation. Students need to develop the skills required to prepare themselves for the world of work.

To this end, all students are expected to participate in a structured and varied schedule of work experience, which ensures they can apply learned theory to real-life sporting environments.

The programmes are generally tailored to the interests of the students, with a variety of roles available at each campus, such as coaching, competing, marketing, media support and performance analyst,

Our exclusive relationships with professional sports industry partners mean that we can provide a valuable advantage in these placements, and therefore give students a head start when applying for a job.

ALUMNI

Any institution is only as good as it's people. At UCS we are very proud of our alumni and their successes. Here we showcase some recent stories:

Habtamu Ayele - Teacher

Habs currently works for VLUK as a teacher at The Football College, as he gained his PGCE after graduation. He is also a coach for Bolton Wanderers FC. He completed his UEFA B and is now working towards his UEFA A.

Ondrej Prielozny - Coach

Ondrej is currently employed full time by Oxford City Football Club as a coach. He coaches across the male age groups and within the women's academy too.

Adam Timson - Football Coach

Whilst studying for his degree with us, Adam joined Leicester City FC Women as a volunteer coach. During this time, Adam moved into a part time position with the club.

ALUMNI

Sam Spencer - PGCE Student

After completing his BSc degree with UCS, Sam has started a PGCE course in Education at Brunel University with ambition to become a teacher.

Cavan Burns - Footballer & Coach

Cavan combined both his high level football ability and his coaching expertise to gain valuable work experience with Dubai City Football Club. He is now a full time coach working for Celtic FC. His work with Celtic C allowed him the fantastic opportunity to travel to Australia on tour.

Ethan Thomas - PE Intern

Currently working as a PE intern in Halifax, Ethan is looking to complete a teaching qualification. He is also working towards his RFU refereeing qualification and Level 2 coaching.
